Condition 4.3 shall apply to such equipment and for the purposes of this condition 5.4.2 only such equipment shall be deemed Equipment under those conditions. The Customer shall be liable to the Company for all losses, costs and expenses incurred by the Company for the recovery, replacement or repair of such equipment (save to the extent that the same is caused by the fault of the Company).

5.4.3 Unless stated otherwise on the Order Form, if the Customer takes a line rental from the Company, the Customer is also committed to using the Company for calls over that line. Should the Customer (during the applicable Minimum Term) use an alternative carrier for calls once the Contract for the provision of the telephone line has commenced, or prevent the Company from carrying calls in any monthly period so that the call charges are significantly reduced in comparison to the Customer's previous average invoicing profile, the Customer agrees that the Company may charge the Customer the differential between the average monthly spend on calls prior to such commencement or prevention and the subsequent monthly spend on calls (if any).

5.4.4 The Fixed Network Services are provided solely for the Customer's use and the Customer's cannot resell or attempt to resell the Fixed Network Services (or any part of them) to any third party. The Customer acknowledges that, the Content is outside the control of the Company and the Customer will not rely on any Content in making any business or other decision and that the Customer uses of the Content is at its sole risk.

5.4.6 The Customer acknowledges that the Content may be protected by copyright, trademark and other intellectual property rights, as applicable. The Customer will not and will not permit anyone else to copy, store, modify, distribute externally, broadcast or publish any part of the Content, and the Content may only be used for the Customer's own purposes.

5.4.7 The Customer is entirely responsible for evaluating any goods or services offered by third parties via the Services or on the internet. The Company will not be a party to or in any way be held responsible to the Customer for any transaction between the Customer and third parties.

5.4.8 The Customer warrants, represents and undertakes that any information the Customer makes available on their website, both the Customer's ("Customer Information") or that of a third party ("Third Party Content") is and will remain wholly accurate and will not include any information or material, any part of which, or the accessing of which or use of which, would be a criminal offence or is otherwise unlawful.

5.4.9 The Customer also warrants, represents and undertakes that it will comply with all consumer and other legislation, instructions or guidelines issued by regulatory authorities and relevant licences which relate to the provision of the information on the Customer's website including those notified by the Company to the Customer.

5.4.10 Both parties agree to fully co-operate with the Police and any other relevant authorities (including but not limited to the Inland Revenue, Trading Standards, the Information Commissioner and/or OFCOM and their successors from time to time) in connection with any misuse or suspected misuse of the Fixed Network Services, and the Customer consents to the Company co-operating with any such authority and with any other telecommunications operators in connection with any misuse or suspected misuse or suspected fraudulent activity related to or connected with the Fixed Network Services and agrees, without prejudice to the generality of the foregoing, that the Company will be entitled to divulge the name and address and account information relating to the Customer to such third parties.

5.4.11 The Customer acknowledges that the broadband element (if any) of the Fixed Network Services is provided to other users and the Company owes a duty to these users as a whole to preserve its network integrity and avoid network degradation. If, in the Company's reasonable opinion, the Company believes that the Customer's use of the Services has or may adversely affect such network integrity or may cause network degradation the Company may change the Customer's chosen access rate or manage the Customer's Services as the Company sees fit in the circumstances.

5.4.12 To prevent spam from entering and affecting the operation of the Company's systems and the Fixed Network Services, the Company may take any reasonable measures or actions necessary to block access to, or delivery of, any e-mail which appears to be of an unsolicited nature and / or part of a bulk e-mail transmission. The Company may also use virus screening technology that may result in the deletion or alteration of e-mail and or e-mail attachments. The Company gives no warranties whatsoever that such technology will be effective in any way, including (without limitation) against unsolicited emails or against any viruses, worms, Trojan horses or other programs or devices that are apparently intended to access and modify, delete or damage data file(s) or computer program(s).

5.4.13 To enable Customers to have a better understanding of what is and is not acceptable when using broadband products, and to help them get the best out of the internet, the Company has developed a Broadband Acceptable Use Policy relating to the broadband element of the Fixed Network Services. The Customer shall comply with the Broadband Acceptable Use Policy. The Company may change the Broadband Acceptable Use Policy at any time by publishing the changes on its website www.Halo-connect.com or at such other URL as is notified to the Customer by the Company from time to time) thirty days before the change is to take effect.

The Customer is responsible for ensuring that compatible cables and extension leads are used to and from their telephone socket, modem and PC in order to use the Service.

5.4.15 In circumstances where the Customer receives only the broadband element of the Fixed Network Services from the Company, the Customer remains responsible to make payment to the Customer's fixed line telephony services provider for all rental charges relating to the Customer's relevant telephone line (together with any repair and maintenance charges (unless the relevant damage was caused by the Company's negligence)) and all call charges from the Customer's fixed line telephony service provider.

5.4.16 The Customer agrees that PhonepayPlus may monitor any End User Service at any time.

5.4.17 In respect of each End User Service which requires the approval of PhonepayPlus pursuant to any regulation or code of practice, the Customer shall, before such End User Service (or any change thereto) is made available to callers, submit to the Company written evidence of such approval.

5.4.18 The Customer will not misuse the Fixed Network Services in any way and will use all reasonable endeavours to ensure that the number of telephone calls made to the Number(s) do not significantly exceed the Customer's capability to answer such calls or cause congestion (the existence of congestion to be reasonably determined by the Company taking into account normal levels of traffic on the network). Where the Company notifies the Customer of the occurrence of any such congestion or misuse, then the Customer shall immediately take all reasonable steps (which shall include, but not be limited to, arranging additional network capacity, adjusting the Customer's promotional activities or using call bureau, for the relevant period) to prevent such congestion and/or misuse continuing.

5.5.2 The Customer hereby acknowledges and accepts that it is the Customer and not the Company who is liable for any charges (including without limitation any early termination charges) made by third party suppliers for any transfer of lines and services or otherwise, unless it is clearly identified and agreed in writing on the Order Form at the time of the Company formally accepting such Order Form that the Company will pay for specified charges.

5.5.3 The customer accepts that an invoice must be sent to Halo Connect for the reimbursement of any pre-agreed termination costs. The invoice must be received within 60 days of the port completion date.

5.5.4 If the Customer is migrating to the broadband element of the Fixed Network Services from a third party provider of an alternative broadband service, the Customer will need to obtain a Migration Authorisation Code ("MAC") from that service provider. This MAC will be valid for thirty days from the date of issue and can only be used once. It is the Customer's responsibility to obtain the MAC and to ensure that the Customer provides it to the Company in sufficient time to process the Customer's migration. The Company will not be responsible for any delay, costs, expenses, loss or damage arising through failure to connect the Customer to the broadband element of the Fixed Network Services as a result of the Customer's failure to provide the MAC as required by this condition.

5.5 SUSPENSION OF FIXED NETWORK SERVICES

5.5.1 Without prejudice to any other right of the Company to suspend or terminate the Services under these Conditions, the Company may at its sole discretion elect to suspend forthwith provision of the Fixed Network Services until further notice without further liability to the Customer having given the Customer reasonable notice either orally (confirming such notification in writing) or in writing in the event that:

5.6.3 Without prejudice to any other right of termination under these Conditions, the Company may terminate the Contract for Fixed Network Services forthwith in the event that its right or the right of the relevant Carrier to provide the Fixed Network Services is withdrawn by any supplier to it or OFCOM pursuant to the General Conditions or otherwise.

5.8 PUBLISHING OF CUSTOMER DETAILS

5.8.1 If applicable and unless the Customer requests that the Company does not do it, the Company will, as soon as is reasonably practical, publish the Customer's name address and the telephone number for the Fixed Network Service in the relevant phone book serving the Customer's area and make the said telephone number available from a directory enquiries service.

5.8.2 If the Customer requests a Special Entry to be placed in the relevant phone book issued by the Carrier it must inform the Company at the earliest available opportunity. Any invoices issued by the Company in respect of the Price shall, save in the case of manifest error, be final, conclusive and binding on the Customer.

8.1.2 Unless otherwise specified the Price is based on the assumption that the Delivery of the Equipment and (where applicable) Installation Services will be completed in one continuous visit to the site agreed with the Customer and accordingly the Company may at its discretion at any time increase the Price to take account of any additional costs to the Company (including but not limited to storage and delivery costs) by reason of Delivery and/or the Installation Services taking more than one visit.

The Customer undertakes to inform the Company promptly in writing in the event of any change, reissue or cancellation of its VAT number or a transfer of any part of the Customer's business as a going concern.
